### Scavenger hunt - Noticing nature in surprising ways

You will need:

- clipboard
- scavenger hunt checklist (see attached)
- pencil
- digital camera/iPad

Can you find living things in a built-up environment around you?

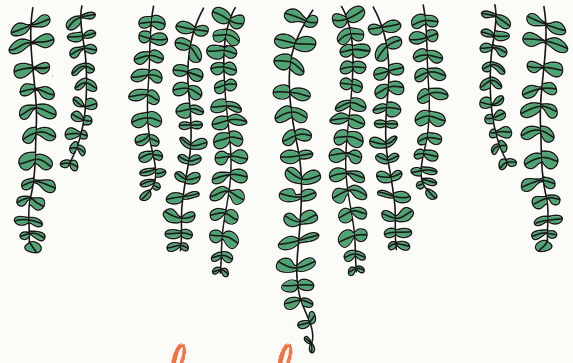

- Grab a clipboard, pencil and your outdoor detective skills and go on a nature walk with an adult to see if you can find any of the items on the attached Scavenger Hunt list.
- Take photos of each of the items that you can find.
- Don't forget to note down two more additional treasures of nature that you also found.
